

WARRL ANNUAL REPORT

2023 - 2024

We acknowledge the Traditional Custodians of the land upon which we live and work, and pay our respects to their Elders past, present and emerging.

We recognise the practice of intergenerational care for Country and its relevance to our work.

We seek to listen, learn, and build strong partnerships.

We aim to provide genuine opportunities for Aboriginal and Torres Strait Islander peoples in Western Australia through the container deposit scheme, Containers for Change.

WELCOME TO THE ANNUAL REPORT

WARRL is proud to present our annual report for the financial year 1 July 2023 to 30 June 2024.

In accordance with the reporting requirements as outlined by the Reporting Code: Reporting Requirements for the Coordinator (Department of Water and Environmental Regulation) (Reporting Code), the annual report for the period July 2023 to June 2024 is presented here.

Tim Cusack

Chief Executive Officer WA Return Recycle Renew

30 August 2024

OUR VALUES

CUSTOMERS & COMMUNITY

We work closely with our customers and the community to safely deliver accessible services and opportunities.

INTEGRITY

Courage, honesty and resilience underpin our culture, relationships, behaviour and decisionmaking.

OWNERSHIP & ACCOUNTABILITY

We take responsibility for our actions so we can deliver on our goals.

ENVIRONMENT & SUSTAINABILITY

We protect and enhance WA's environment by delivering a sustainable, world-class Scheme.

RESPECT

The core of our relationships
- we value our people and
stakeholders and treat them
with professionalism and
respect.

A1. AUDITED ANNUAL FINANCIAL STATEMENTS

FOR YEAR ENDED 30 JUNE 2024 WA RETURN RECYCLE RENEW LIMITED ABN 43 629 983 615

WA Return Recycle Renew Ltd Directors' report 30 June 2024

The Directors present their report, together with the financial statements, on the Company for the year ended 30 June 2024.

Directors

The following persons were Directors of the Company during the whole of the financial year and up to the date of this report, unless otherwise stated:

Directors Appointed 30 May 2019 Sheila Margaret McHale AM 23 June 2019 Belinda Ann Moharich 23 June 2019 Nicholas Gan Rebecca Prince-Ruiz 30 May 2019 Stephen Drake-Brockman 23 June 2019 Reece William Wheadon 25 May 2020 **Edward William Dowse** 16 December 2020 Ashley Briggs Chaleyer 18 May 2022 Rebecca Emily Loch 1 July 2023

The Members may nominate an Alternate Director from time to time, in accordance with the Company's constitution.

Alternate Directors

Jeffrey Maguire Alternate Director (Coca-Cola Europacific Partners (Australia)

Ptv Ltd

Danny Connolly
Philippa Perkins
Alternate Director for Rebecca Loch (Lion Pty Ltd)
Alternate Director for Edward Dowse (Lion Pty Ltd)

Principal activities

The principal activity of the Company during the financial period is the coordinating of the Western Australia Container Deposit Scheme which commenced on 1 October 2020.

Objectives and performance

The Company was established to act as the Scheme Coordinator responsible to administer the Western Australia Container Deposit Scheme, which commenced on 1 October 2020. The Company was appointed as the Scheme Coordinator on 15 July 2019. The Company is a not-for-profit entity registered with the Australian Charities and Not-for-profits Commission (ACNC).

The Company's vision for the Scheme is aligned with the objectives of the State as set out in the Waste Avoidance and Resource Recovery Amendment Act 2019. The core objectives are:

- increasing the recovery and recycling of empty beverage containers;
- reducing the number of empty beverage containers that are disposed of as litter or to landfill;
- ensuring that first responsible suppliers of beverage products take product stewardship responsibility in relation to their beverage products;
- providing opportunities for social enterprise, and benefits for community organisations, through participation in the container deposit scheme;
- creating opportunities for employment;
- complementing existing collection and recycling activities for recyclable waste; and
- ensuring robust and transparent governance arrangements to ensure confidence in the Scheme for all stakeholders concerned.

The Company's values:

- Respect for community;
- Inclusiveness and diversity;
- Transparency and integrity;
- Partnership and innovation;
- Accountability; and
- Sustainability.

The Company's performance is reviewed regularly by the Board against its Strategic Plan and budget.

WA Return Recycle Renew Ltd Directors' report 30 June 2024

Review of operations

The surplus for the Company amounted to \$8,612,777 (30 June 2023: \$1,260,140).

Meetings of Directors

There were 13 meetings of Directors held during the year ended 30 June 2024.

Contributions on winding up

In the event of the Company being wound up, ordinary members are required to contribute a maximum of \$10 each. Honorary members are not required to contribute.

The total amount that members of the Company are liable to contribute if the Company is wound up is \$20, based on 2 current ordinary members.

Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out immediately after this Directors' report.

This report is made in accordance with a resolution of Directors, pursuant to section 298(2)(a) of the Corporations Act 2001.

On behalf of the Directors

Sheila Margaret McHale AM Director

Note 1. Reporting Entity

The Company is operating as a not-for-profit entity and the principal accounting policies adopted in the preparation of the financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

New or amended Accounting Standards and Interpretations adopted

The Company has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Basis of preparation

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards -Simplified Disclosures issued by the Australian Accounting Standards Board ('AASB'), the Australian Charities and Not-forprofits Commission Act 2012 (Cth) and associated regulations and the Corporations Act 2001 (Cth), as appropriate for Notfor-profit oriented entities.

Historical cost convention

The financial statements have been prepared under the historical cost convention, except for, where applicable, the revaluation of financial assets and liabilities at fair value through profit or loss, financial assets at fair value through other comprehensive income, investment properties, certain classes of property, plant and equipment and derivative financial instruments.

The financial statements are presented in Australian dollars, which is WA Return Recycle Renew Ltd.'s functional and presentation currency.

The financial statements have been prepared on an accruals basis.

Note 2. Material accounting policy information

The principal accounting policies adopted in the preparation of the financial statements are set out either in the respective notes or below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Use of estimates and judgements

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Note 2. Material accounting policy information (continued)

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods.

The estimate and assumptions that have a significant risk of causing a material adjustment to the carrying amounts assets and liabilities within the next financial year are:

Accrued expenses

Recognised amounts of direct scheme costs and related accrued expenses reflect management's best estimate of amounts owing to scheme participants that were not wholly substantiated by declarations of scheme participants at year end. These estimates are based on a number of critical underlying assumptions such as the volumes of containers submitted and processed through the scheme at a given time. Estimation uncertainties exist with regard to these items and variations in these assumptions may significantly impact the amount of direct scheme costs and accrued expenses.

Current and non-current classification

Assets and liabilities are presented in the statement of financial position based on current and non-current classification.

An asset is classified as current when: it is either expected to be realised or intended to be sold or consumed in the Company's normal operating cycle; it is held primarily for the purpose of trading; it is expected to be realised within 12 months after the reporting period; or the asset is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period. All other assets are classified as non-current.

A liability is classified as current when: it is either expected to be settled in the Company's normal operating cycle; it is held primarily for the purpose of trading; it is due to be settled within 12 months after the reporting period; or there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. All other liabilities are classified as non-current.

Income tax

The income of the Company is exempt from Income tax pursuant to the provisions of subdivision 50-B of the Income Tax Assessment Act 1997 (Cth) and the Company receives GST concessions under division 176 of A New Tax System Act 1999 (Cth) and is considered an FBT rebatable employer under section 123E of the Fringe Benefits Tax Assessment Act 1986 (Cth).

Impairment of non-financial assets

Non-financial assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount.

Recoverable amount is the higher of an asset's fair value less costs of disposal and value-in-use. The value-in-use is the present value of the estimated future cash flows relating to the asset using a pre-tax discount rate specific to the asset or cash-generating unit to which the asset belongs. Assets that do not have independent cash flows are grouped together to form a cash-generating unit.

Fair value measurement

When an asset or liability, financial or non-financial, is measured at fair value for recognition or disclosure purposes, the fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date; and assumes that the transaction will take place either: in the principal market; or in the absence of a principal market, in the most advantageous market.

Fair value is measured using the assumptions that market participants would use when pricing the asset or liability, assuming they act in their economic best interests. For non-financial assets, the fair value measurement is based on its highest and best use. Valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, are used, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Note 2. Material accounting policy information (continued)

Leases

At inception of a contract, the Company assesses whether a contract is, or contains, a lease based on whether the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company has elected to apply the practical expedient to account for each lease component and any non-lease components as a single lease component.

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured based on the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received. The assets are depreciated to the earlier of the end of the useful life of the right-of-use asset or the lease term using the straight-line method as this most closely reflects the expected pattern of consumption of the future economic benefits. Lease terms are for 5 years for offices and IT equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate. The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Company has elected to apply the practical expedient not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The lease payments associated with these leases is recognised as an expense on a straight-line basis over the lease term.

Goods and Services Tax ('GST') and other similar taxes

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the tax authority. In this case it is recognised as part of the cost of the acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST receivable from, or payable to, the tax authority is included in other receivables or other payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to the tax authority, are presented as operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the tax authority.

Members Guarantees

The Company is incorporated under the Corporations Act 2001 (Cth) and is a company limited by guarantee. If the Company is wound up, the constitution states that each member (and each member that has left the Company within one year) is required to contribute a maximum \$10 each towards meeting any outstanding obligations of the Company. At 30 June 2024, the total amount that members of the Company are liable to contribute if the Company wound up is \$20 (2023: \$20).

Note 3. Revenue and other income

	2024 \$	2023 \$
Container refund scheme income - at a point in time	196,150,152	176,785,980
Sale of recycled goods - at a point in time	13,098,485	10,549,347
Interest income	1,861,793	979,904
Other revenue	599	2,000
Revenue and other income	211,111,029	188,317,231

Accounting policy for revenue recognition The Company recognises revenue as follows:

Container refund scheme income

The Company as the Scheme Coordinator of the Scheme under the Waste Avoidance and Resource Recovery Act 2007 (WA) ("the Act", enters into deeds with eligible First Responsible Suppliers to receive contributions to cover the costs of administering the scheme. Whilst these deeds represent an enforceable contract, the contributions received from First Responsible Suppliers fall under AASB 1058 Income of Not-for-Profit Entities, as there is no sufficiently specific promise specified in the separate deeds with First Responsible Suppliers to be delivered by the Scheme Coordinator. Revenue is recognised as the amount owed by relevant suppliers of beverage products under the terms of the Scheme. This is calculated upon the number of eligible containers sold into the Western Australia market during the financial year, as defined by the Act.

Sale of recycled goods

The Company, in its capacity as the Scheme Coordinator, sells processed containers through an online recycling material sales platform to approved recyclers. To determine whether and when to recognise revenue, the Company follows a five step

- (1) Identifying the contract with a customer The auction process results in a binding contract between the Company and the recycler as the customer;
- Identifying the performance obligations The performance obligation is the goods for sale;
- Determining the transaction price The transaction price is the successful bid made by the recycler in addition to fees (if any) included in the agreement. The Scheme Coordinator makes no warranties or guarantees about the recycled goods hence there are no provisions or elements of variable consideration to be considered in determining the transaction price;
- Allocating the transaction price to the performance obligations The price is allocated directly to the sale; and
- Recognising revenue when/as performance obligation(s) are satisfied Revenue is recognised at the point in time at which the customer obtains control of a promised asset (i.e., the recycled goods). The Company has deemed this to be the point when the goods are available for collection by the customer as that is the point when the Company has a present right to payment.

Other revenue

Other revenue is recognised when it is received or when the right to receive payment is established.

Interest income

Interest income is recognised as interest accrues using the effective interest method. This is a method of calculating the amortised cost of a financial asset and allocating the interest income over the relevant period using the effective interest rate, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

Note 4. Expenses

	2024 \$	2023 \$
Surplus includes the following specific expenses:		
Depreciation and amortisation expense Depreciation of property, plant and equipment Depreciation of right of use assets Amortisation of intangibles	150,990 179,083 1,273	80,211 122,850 1,273
Total depreciation and amortisation expense	331,346	204,334
Finance costs Interest and finance charges paid/payable on borrowings Interest and finance charges paid/payable on lease liabilities Finance costs expensed Superannuation expense Defined contribution superannuation expense	807,916 39,416 847,332	804,047 27,566 831,613 528,138
· · · · · · · · · · · · · · · · · · ·	724,040	020,100
Note 5. Current assets - cash and cash equivalents	2024 \$	2023 \$
Cash at bank Scheme Account	21,288,634 22,198,071	20,416,914 22,278,480
	43,486,705	42,695,394

Accounting policy for cash and cash equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Note 6. Current assets - trade and other receivables

	2024 \$	2023 \$
Trade receivables Less: Allowance for expected credit losses	5,756,577 (172,053)	3,718,226 (65,990)
	5,584,524	3,652,236
Other receivables		(778,916)
	5,584,524	2,873,320

Accounting policy for trade and other receivables

Trade receivables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less any allowance for expected credit losses. Trade receivables are generally due for settlement within 30 days.

The Company has applied the simplified approach to measuring expected credit losses, which uses a lifetime expected loss allowance. To measure the expected credit losses, trade receivables have been grouped based on days overdue.

Note 6. Current assets - trade and other receivables (continued)

Other receivables are recognised at amortised cost, less any allowance for expected credit losses.

Note 7. Current assets - inventories

	2024 \$	2023 \$
Stock on hand	815,934	

Accounting policy for inventories

Stock on hand is stated at the lower of cost and net realisable value. Cost comprises of purchase and delivery costs, net of rebates and discounts received or receivable.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Note 8. Current assets - other current assets

	2024 \$	2023 \$
Accrued revenue Prepayments Other current assets	13,746,327 451,160 (767)_	13,660,914 592,599 (154)
	14,196,720_	14,253,359

Accrued income

Invoices are raised one month in arrears and the accrued income balance is based on monthly volume declarations.

Note 9. Non-current assets - property, plant and equipment

	2024 \$	2023 \$
Leasehold improvements - at cost	312,382	247,254

Balance at 1 July 2023 Additions Disposals	131,602 65,129	286,653	9,292	129,311 76,800 (128)	260,913 437,874 (128)
Depreciation expense	(57,850)	(17,771)	(435)	(74,934)	(150,990)
Balance at 30 June 2024	138,881	268,882	8,857	131,049	547,669

Accounting policy for property, plant and equipment

Plant and equipment is stated at historical cost less accumulated depreciation and impairment. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Depreciation is calculated on a straight-line basis to write off the net cost of each item of property, plant and equipment (excluding land) over their expected useful lives as follows:

Class of asset	Useful life
Leasehold improvements	3 - 10 years
Plant and equipment	8 years
Fixtures and fittings	2 - 5 years
Computer equipment	3 vears

The residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, at each reporting date.

Leasehold improvements are depreciated over the unexpired period of the lease or the estimated useful life of the assets, whichever is shorter.

An item of property, plant and equipment is derecognised upon disposal or when there is no future economic benefit to the Company. Gains and losses between the carrying amount and the disposal proceeds are taken to profit or loss.

Note 10. Non-current assets - right-of-use assets

	\$ \$	2023 \$
Land and buildings - right-of-use Less: Accumulated depreciation	908,868 (452,885)	877,927 (378,386)
	455,983	499,541

Note 10. Non-current assets - right-of-use assets (continued)

Reconciliations

Reconciliations of the written down values at the beginning and end of the current financial year are set out below:

	Land and buildings \$
Balance at 1 July 2023 Additions Disposals Depreciation expense	499,541 145,137 (9,612) (179,083)
Balance at 30 June 2024	455,983

Accounting policy for right-of-use assets

A right-of-use asset is recognised at the commencement date of a lease. The right-of-use asset is measured at cost, which comprises the initial amount of the lease liability, adjusted for, as applicable, any lease payments made at or before the commencement date net of any lease incentives received, any initial direct costs incurred, and, except where included in the cost of inventories, an estimate of costs expected to be incurred for dismantling and removing the underlying asset, and restoring the site or asset.

Right-of-use assets are depreciated on a straight-line basis over the unexpired period of the lease or the estimated useful life of the asset, whichever is the shorter. Where the Company expects to obtain ownership of the leased asset at the end of the lease term, the depreciation is over its estimated useful life. Right-of use assets are subject to impairment or adjusted for any remeasurement of lease liabilities.

The Company has elected not to recognise a right-of-use asset and corresponding lease liability for short-term leases with terms of 12 months or less and leases of low-value assets. Lease payments on these assets are expensed to profit or loss as incurred.

Note 11. Non-current assets - intangibles

	2024 \$	2023 \$
Brands Less: Accumulated amortisation	8,910 (7,001)	8,910 (5,728)
	1,909	3,182

Reconciliations

Reconciliations of the written down values at the beginning and end of the current financial year are set out below:

	Brands \$
Balance at 1 July 2023 Amortisation expense	3,182 (1,273)
Balance at 30 June 2024	1,909

Note 11. Non-current assets - intangibles (continued)

Accounting policy for intangible assets

Intangible assets acquired as part of a business combination, other than goodwill, are initially measured at their fair value at the date of the acquisition. Intangible assets acquired separately are initially recognised at cost. Indefinite life intangible assets are not amortised and are subsequently measured at cost less any impairment. Finite life intangible assets are subsequently measured at cost less amortisation and any impairment. The gains or losses recognised in profit or loss arising from the derecognition of intangible assets are measured as the difference between net disposal proceeds and the carrying amount of the intangible asset. The method and useful lives of finite life intangible assets are reviewed annually. Changes in the expected pattern of consumption or useful life are accounted for prospectively by changing the amortisation method or period.

Brands

Significant costs associated with brands are deferred and amortised on a straight-line basis over the period of their expected benefit. This period of expected benefit is assumed to be 7 years, which is the period for which the Company is the scheme coordinator with WA Container Deposit Scheme.

Note 12. Non-current assets - other

	2024 \$	2023 \$
Other assets	10,175	10,175
Note 13. Current liabilities - trade and other payables		
	2024 \$	2023 \$
Trade payables Accruals Other payables	3,009,237 3,080,659 7,050,460	2,701,422 3,960,249 7,051,456
	13,140,356	13,713,127

Accounting policy for trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of the financial year and which are unpaid. Due to their short-term nature, they are measured at amortised cost and are not discounted. The amounts are unsecured and are usually paid within 30 days of recognition.

Note 14. Current liabilities - lease liabilities

	2024 \$	2023 \$
Lease liability	219,293	183,356
Note 15. Current liabilities - employee benefits		
	2024 \$	2023 \$
Annual leave Bonus provision	552,299 585,000	364,398 244,200
	1,137,299	608,598

Note 15. Current liabilities - employee benefits (continued)

Accounting policy for employee benefits

Short-term employee benefits

Liabilities for wages and salaries, including non-monetary benefits, annual leave and long service leave expected to be settled wholly within 12 months of the reporting date are measured at the amounts expected to be paid when the liabilities are settled.

Defined contribution superannuation expense

Contributions to defined contribution superannuation plans are expensed in the period in which they are incurred.

Note 16. Non-current liabilities - borrowings

	2024 \$	2023 \$
Member loans	6,599,005	10,599,005
Total secured liabilities The total secured liabilities (current and non-current) are as follows:		
	2024 \$	2023 \$
Member loans	6,599,005	10,599,005

In order to establish and operationalise the Scheme (including establishing and entering into Supply Agreements with First Responsible Suppliers), the Founding Members of the Company, Coca-Cola Europacific Partners (Australia) Pty Ltd and Lion Pty Ltd, provided two loan facilities totalling \$10m. This facility agreement was executed on 21 December 2018, and was drawn down by the Company as required prior to Scheme commencement. A variation to extend combined facilities from \$10m to \$11m was signed on 8 January 2020. Key terms of the members loan are as follows:

Facility	Term (Years)	Agreement date	Drawdown at 30 June 2024	Maximum drawdown	Interest
Members Loan Facility A	7 post Scheme commencement date (1 Oct 2020)	21/12/2018 (Variation signed 8/1/2020)	\$6,000,000	\$10,000,000	7.20%
Members Loan Facility B	10 post Scheme commencement date (1 Oct 2020)	21/12/2018 (Variation signed 8/1/2020)	\$599,005	\$1,000,000	8.03%

Coca-Cola Europacific Partners (Australia) Pty Ltd (CCEP) and Lion Pty Ltd (Lion) provide key management personnel services to the Company due to CCEP and Lion each providing an executive officer/(s) or employee/(s) to represent them on the Company's board of directors, under the Waste Avoidance and Resource Recovery Amendment Act 2019. Both CCEP and Lion are therefore related parties of the Company. Interest expense and paid for the period amounted to \$765,996 (2023: \$768,100).

Accounting policy for borrowings

Loans and borrowings are initially recognised at the fair value of the consideration received, net of transaction costs. They are subsequently measured at amortised cost using the effective interest method.

Note 17. Non-current liabilities - lease liabilities

	2024 \$	2023 \$
Lease liability	367,668	468,577
Future lease payments Future lease payments are due as follows: Within one year One to five years	253,611 429,763	218,143 537,672
	683,374	755,815

Accounting policy for lease liabilities

A lease liability is recognised at the commencement date of a lease. The lease liability is initially recognised at the present value of the lease payments to be made over the term of the lease, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Lease payments comprise of fixed payments less any lease incentives receivable, variable lease payments that depend on an index or a rate, amounts expected to be paid under residual value guarantees, exercise price of a purchase option when the exercise of the option is reasonably certain to occur, and any anticipated termination penalties. The variable lease payments that do not depend on an index or a rate are expensed in the period in which they are incurred.

Lease liabilities are measured at amortised cost using the effective interest method. The carrying amounts are remeasured if there is a change in the following: future lease payments arising from a change in an index or a rate used; residual guarantee; lease term; certainty of a purchase option and termination penalties. When a lease liability is remeasured, an adjustment is made to the corresponding right-of use asset, or to profit or loss if the carrying amount of the right-of-use asset is fully written down.

Note 18. Key management personnel disclosures

Compensation

The aggregate compensation made to Directors and other members of key management personnel of the Company is set out below:

	2024 \$	2023 \$
Aggregate compensation	808,125	590.074

Current year compensation made to Directors and other members of key management personnel of the Company, include all amounts paid to said members, the financials have also been updated to reflect the same for the 2023 financial year.

Note 19. Remuneration of auditors

During the financial year the following fees were paid or payable for services provided by Grant Thornton Audit Pty Ltd, the auditor of the Company:

	2024 \$	2023 \$
Audit services - Grant Thornton Audit Pty Ltd Audit of the financial statements	80,885	78,795
Other services - Grant Thornton Audit Pty Ltd Assistance with the compilation of financial statements	6,000	5,000
	86,885	83,795

Note 20. Contingent asset/liabilities

The Company had no contingent assets or liabilities as at 30 June 2024 and 30 June 2023.

Note 21. Related party transactions

Key management personnel

Disclosures relating to key management personnel are set out in note 18.

Transactions with related parties

The member loans provided by Coca-Cola Europacific Partners (Australia) Pty Ltd and Lion Pty Ltd are related party transactions, disclosures relating to the member loans are set out in note 16.

Receivable from and payable to related parties

There were no trade receivables from or trade payables to related parties at the current and previous reporting date.

Loans to/from related parties

Disclosures relating to loans from related parties are set out in note 16.

Note 22. Events after the reporting period

No matter or circumstance has arisen since 30 June 2024 that has significantly affected, or may significantly affect the Company's operations, the results of those operations, or the Company's state of affairs in future financial years.

WA Return Recycle Renew Ltd Directors' declaration 30 June 2024

In the Directors' opinion:

- (1) The attached financial statements and notes comply with the Corporations Act 2001, the Australian Accounting Standards - Simplified Disclosures, the Australian Charities and Not-for-profits Commission Act 2012 and Western Australian legislation the Charitable Collections Act 1946 and associated regulations, the Corporations Regulations 2001 and other mandatory professional reporting requirements;
- (2) The financial statements and notes Western Australia Return Recycle Renew Ltd are in accordance with the Australian Charities and Not-for-profits Commission Act 2012 (Cth), including:
- giving a true and fair view of its financial position as at 30 June 2024 and of its performance for the financial year ended on that date:
- complying with Australian Accounting Standards Simplified Disclosures (including the Australian Accounting Interpretations) and the Australian Charities and Not-for-Profits Commission Regulation 2022 (Cth); and
- there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

This report is made in accordance with a resolution of the Directors.

On behalf of the Directors

Sheila Margaret McHale AM Director

Shale M Male

27 August 2024

A3. NUMBER OF AGREEMENTS BY AGREEMENT TYPE

The number of agreements by agreement type in force at the end of the reporting period, and new agreements signed and agreements terminated during the reporting period.

A17. NUMBER OF FALSE CLAIMS REFERRED TO THE DEPARTMENT

The number of false claims referred to the department responsible for administering Part 5A of the Waste Avoidance and Resource Recovery Act 2007 (the Act) for enforcement action during the reporting period: **Nil**

A18. PUBLIC EDUCATION AND AWARENESS

The amount of funds spent by the coordinator on public education and awareness during the reporting period; a summary of actions taken to promote the CDS and refund point locations during the reporting period; and results of surveys undertaken on the level of public awareness about the CDS.

The total amount spent on advertising during the period 1 July 2023 to 30 June 2024 was \$3.53m. The total amount spent on marketing activity (excluding advertising and including business development) during the period 1 July 2023 to 30 June 2024 was \$2.56m.

The successful marketing campaign Don't Feed the Fill launched in October 2021 and was retired in February 2024. It was replaced by Ways to Return, where the focus is on addressing the barriers to access and convenience and supporting strategic initiatives to continue to position C4C in the mind of WA consumers as being a positive motivator in saving containers, as demonstrated by increases in recovery rates and through consumer research. FY24 saw a continued focus on driving awareness through 'always on' advertising and addressing the barriers of access and convenience with a focus on the ways and places to return.

Across both Don't Feed the Fill in H1 and Ways to Return in H2, paid media focused across linear TV, digital video, cinema, radio, outdoor, press, digital, social and search.

The success of the marketing campaigns is reflected in performance against several key metrics: recovery rates, prompted awareness and likelihood to use the Scheme.

CoreData WA conducted an 8-minute online quantitative survey of n=600 West Australians aged 18+ (obtained by external panel) between 19th – 25th June 2024. The sample was representative of the WA population by age, gender, and metro/regional location. Awareness of C4C is at an all time high, driven by an increase amongst young adults without kids and empty nesters.

91% of all West Australians are now aware of Containers for Change, a significant increase from 87% late last year. Awareness has increased significantly among young adults without kids (84%, up from 75% in Nov 2023) and awareness has also increased significantly among empty nesters aged 60+ (96%, up from 88% in Nov 2023), which has resulted in a slight increase in usage (83% up from 76% in Nov 2023).

The survey has highlighted that it easier and more convenient ways to return containers. Pleasingly, awareness of almost all types of collection points has increased significantly since last year. As a result, 94% of West Australians are now aware of at least one collection point, up significantly from 88% last survey.

These findings provide an indication of the success of the move to the 'Ways to Return' campaign, with use of Containers for Change increasing to its highest level thus far. In total, 84% of Perth metro residents and 91% of regional WA residents say they have participated in Containers for Change, a record high in both areas.

A24. WORKSAFE NOTICES
